The Journal of Marine Research is part of the Sears Foundation for Marine Research, founded in 1937 by A. E. Parr as a result of a gift to Yale University by Henry Sears. The Sears Foundation for Marine Research Fund is administered by Yale University as part of its non-profit operation. Income is used solely for the purpose of publishing and improving the quality of the Journal for the benefit of its readers.

All back issues are available at the following prices: $45 per volume or $12 per number for institutions, libraries, and agents, and $20.00 per volume or $5.00 per number for individual subscribers.
